

News From Your TOWN HALL

The Town Fathers are trying to get its health and sanitation problems in a much more savory condition and to get recognition from the State Board of Health for these efforts.

The recent employment of a Sanitation Officer and the visits of Federal and State Health Inspectors who were asked for recommendations, are steps already taken.

Cleaning of the alleys, streets, and garbage piles has gone ahead and the installation of modern toilets and other plumbing requisites is being pushed as fast as is consistent with practicability.

The Commission is asking Dr. Jacob Engle to act as an advisory health officer. With his professional experience and his official connection with the Federal officials his association will undoubtedly be of great value to the Town.

The Town Clerk announces that the County Registration books will be in his office from the 7th on for those who haven't registered in the County.

Anyone wishing to make application for homestead exemption should do so at the Town Hall with the Clerk. Mr. Wallis has secured blanks from Jimmy Owens' office and will accept application to be forwarded to Jimmy.

This is an extra curricula service of the Town Clerk and will save a lot of miles on tires and gas, aside from the convenience.

The Belle Glade fire department is given credit for saving the two story Walker building in South Bay when the Willis and Royal's stores burned. It is conceded that had these caught other buildings would have gone with them.

Although the old engine and truck had been used weekly for practice and appeared in A-1 condition, it gave way during the South Bay fire and Chief Will sent for the new truck.

West Palm Visitors See Permanency Here

Present day planning for a "work job" for after the war was the subject of Mr. Anthony, J. J. Cater and Ralph Blank at the weekly meeting of the Lions as well as the Woman's Club.

Mr. Anthony pointed out that Belle Glade needs a new and larger high school site, a hotel, and more all some roads.

The Legion's five acre tract of land held for fairs and a possible athletic field, some other property, and James drove them out. Much of the drygoods (Continued on page 4)

Mr. Anthony sees the Glades as a permanent and growing community destined to outdistance in importance the gold coast of winter visitors.

These visitors were the County Club of the Everglades and promised to be right out to play a game.

Rear Admiral W. R. Monroe

Admiral W. R. Monroe, commandant of the Seventh Naval District, personally presented a special citation for meritorious wartime service to Florida Power & Light Company in a ceremony which took place Tuesday afternoon at Miami. The Honorable Leonard K. Thompson, mayor of Miami, acted as chairman of the ceremony.

The citation was presented to Mr. George Stinson, president of the company, and representatives of company employees. The ceremony was held in the distribution yard of the Miami steam electric plant and was attended by a large number of guests.

This farm boy stopped bullets intended for you...

JOE MARTINEZ, Colorado farm boy, his battalion bogged down under withering fire from Jap positions on Attu, arose alone and advanced into a hail of bullets to dig out trench after trench so his battalion could advance. He died with his rifle at his shoulder, pumping lead into the enemy, while his mates were able to move up behind him and successfully take the pass. For this, Joe Martinez has been posthumously awarded the Nation's highest military honor. Let every man who was once a farm boy himself buy an extra War Bond in Joe's honor... for Joe took the bullets aimed at the heart of America!

Will you be showing this Badge of Honor in your window?

Willis' And Royal's Stores In South Bay Destroyed By Fire

A \$75,000 fire of unknown origin destroyed a business block in South Bay Tuesday afternoon burning the Willis & Sons and Royals General Merchandise stores and the Fish Market operated by Mrs. O. B. Cook.

The fire started under the floor of the Royal store and was discovered during the noon hour, but not before it had gained such headway that the management was unable to save either fixtures or stock. The clerks barely escaped being trapped as the floor collapsed as they left the building. J. C. Bass, manager, stated that they were carrying a \$25,000 stock partially covered by insurance. The building owned by the A. O. Walker estate was covered by insurance.

The adjoining Fish Market caught fire immediately and the Willis store shortly afterwards. The Junior High School boys, townspeople and bystanders assisted in carrying stock and fixtures from the Willis building until the smoke and flames drove them out. Much of the drygoods (Continued on page 4)

Income Tax Help To Be Here Soon

There will be a deputy collector of Internal Revenue at the City Hall in Belle Glade on February 14, 15 and 16 for the purpose of assisting local income taxpayers with the filing of their 1943 income tax returns.

Those taxpayers desiring assistance are asked to bring with them the following items of information: Copies of their 1942 income tax returns.

Records of all payments made on 1942 income tax.

Records of all payments (if any made) on 1943—estimated deductions filed in September and December.

Records of all amounts withheld from wages or salaries. Employees should have employee receipt, Government form W-2 or V-2. If your employer has not furnished this receipt, request that he furnish you with your receipt immediately.

Have with you proper notation as to your 1943 total income and your your permissible deductions, such as, contributions, interest, taxes and total medical expense for the year 1943.

All married persons having separate incomes should appear together and send full information regarding both incomes with the spouse appearing for assistance.

More Individuals Purchasing Bonds Than In Any Previous Campaign

The Community around the south end of Lake Okechobee has entered into the Fourth War Bond Drive in full spirit as outlined by the State Committee and urged by Milton Campbell, local Chairman. All organizations have undertaken to contact each member to assure that each has bought, or is buying, a series "E" bond.

Reports coming in are encouraging, but not enough bonds have been bought yet in total amount. Probably more individuals have bought than heretofore, but the total amount is approximately 50 per cent of the quota of \$215,000.

All school children have entered into the spirit of the drive and are buying stamps and pennies and talking Mamma's and Papa's into showing the E bond. They are enthusiastic in their efforts and very effective. The school's quota of \$100,000 for a hospital plant is about 50 per cent subscribed, but is still going.

The Women's Club under Mr. J. R. Neller's guidance is reporting better than 98 per cent of its membership contacted and purchases of bonds. This, undoubtedly, will be 100 per cent before the drive is finished.

The Everglades Federal Savings and Loan Association has purchased \$10,000 in the fourth drive, aside from many thousands in other drives.

The Rotary, Lions report, 100 per cent list of purchasers. The Legion reports 97 per cent contact with the same amount as purchasers. Commander Breger's efforts will carry him to a 100 per cent report of contact and most probably the same as purchasers.

The Masonic Lodge is contacting by the mails and in person each of its members.

Mr. George Scarborough assisted by her husband is contacting all merchants and their employees and is sure she will be able to report 100 per cent accounted for as purchasers.

In a grand total of more than \$100,000 reported to date by Milton Campbell there is reported one \$30,000 purchase. The American Fruit Growers as a part of the state effort of \$100,000 purchases has assigned \$10,000 to Belle Glade.

Purchases by those in the heavy dough have not come in yet, as is expected that several four figure purchasers will bring our total to the expected self assigned quota.

Captain Smart, U.S.A. Talks To The Rotary And Lions Clubs

With a string of ribbons on which stars for engagements, and oak leaf clusters for outstanding accomplishments on his chest, Captain Smart, U. S. Army, returned pilot of B-17's with over 50 sorties, mingled witty asides with his talk to the Rotary and Lions Club Friday.

A Tennessee boy with a sense of humor to go with his controlling sense of duty to his country, this 26 year old veteran kept approximately 100 persons entertained for thirty minutes in recitation of his experiences.

Harvey Poole is conducting a campaign at the Negro camp with the assistance of men and women of the camp.

Service Men who FIGHT and WRITE

LT. MIKE MURPHY "Well, today is the beginning of another year and here's hoping that I'll be home quite a while before this time next year. We have been working from another base during the last two weeks. I now have thirty three missions, only seventeen to go and I can start sweating out a ride home. I might make it by June or July though. I have no way of telling. "The Belle of the Glades" got pretty well shot up the other day but no one got a scratch and she is patched up good as new now.

"Being at this other base, we have got to fix our tent all over again, which seems a shame, although we are mighty lucky to be able to live in one spot and as comfortable as we are. I know some other branches of the service that don't fair nearly so well. I don't know just what they will do when we get back to the States, but I do know it will be a mighty long time before they drag me out again."

"How did you like the new of the two landings on New Britain? They were both lots of fun to watch."

"I wish that field art had some kind of surfaced strip on it when I come home as I would like to bring The Belle of the Glades down for you to see, if she would struggle that far."

"Keep your fingers crossed as I'll be home in four or five months and what a reunion that going to be."

"I'm in the communications department up here at Melbourne and it's a pretty tough racket, not that I'm not getting my sleep or anything, because I think I have more time off than anyone else on the base, as it is."

"I hear that the Belle Glade Chapter of the F. F. A. is having the annual hound show this week and I sure do wish I could be there. We really had a swell one last year."

"I also heard that the Belle Glade Rams didn't do so hot this year. Nothing like the old power-

house team that we had a couple of years ago (of course that's debatable), but I don't guess you could expect more out of a new team. They are going to do all right next year."

"Would like to hear from any of my friends that would like to write and thank for the Belle Glade Herald."

GEORGE EGGLESTON W3, George Eggleston, Water Tender, writes from Camp Rouse, California: "I just received five papers this week, was very glad to receive them for I have missed them very much. Have spent the past two evenings catching up on the news of the old home town. I always look over the "Fight and Write" first for I like to know where my old pals and what they are doing. I see where some of the fellows had luck breaks and got home for Christmas. Hope next Christmas finds us all home for keeps."

Quite a few of the fellows have been receiving new ratings and I have also just been advanced (Continued on page 4)

YOUR GOVERNOR

Raymond Sheldon, State Senator from Hillsborough County, announced that he would make an active campaign throughout the State for the office of Governor.

He was elected to the State Legislature from Hillsborough County in 1936 and served three terms as Representative and as Governor for a four year term in the State Senate. In the House of Representatives he was chairman of the Education Committee in 1937 and 1939. In 1941 he was Speaker Pro Tem; Chairman of the Appropriation Committee and was a leader on Old Age, Child Welfare and School Teachers legislation.

Senator Sheldon announced the following program for the achievement to be accomplished under his administration:

Child Welfare; School Teachers; Old Age Pension; Aid to Aged, Dependent Children and the Inopacitated; Unemployment Compensation; Veterans; Government Agencies; Elections; State Constitutional Amendment; Forestry; Tax Collection; Administration of Government; Highways; Labor and Industry; Fish and Game; Post War Planning; Law Enforcement.

"I shall request any increase in compensation of private industry, whether it be oil, citrus, lumber or mining, or other enterprise."

As Governor I shall oppose: Any attempt on the part of the State of Florida to engage in competition with private industry, taxation unless shown to be needed for schools, public health and welfare work. I am, of course, opposed to the return of slot machines.

J&B BEER
THE DRINK OF FRIENDSHIP
FOR 30 YEARS
AN OUTSTANDING Florida PRODUCT

"Way back in 1914—30 years ago—JAX Beer made its bow to the beer drinkers of Florida. JAX was a fine beer then—made by men who had learned their art in great breweries of the United States and in Europe. JAX is an even finer beer today—because those same men are still making it with the increased skill that comes from uninterrupted experience and with improved materials and scientific equipment not available in 1914. Notice that we said uninterrupted experience. Only a few American breweries can say this! But the brewing of JAX never ceased, even during Prohibition years for then we made real JAX which was converted into JAX beer. That's how JAX has been continuous which is one of the many reasons why JAX ranks among the smoothest, milkiest, most delightful of beers. Try JAX today! You'll enjoy this famous Drink of Friendship, this rich golden brew beloved by discriminating Floridians for 30 years. And remember this about JAX—always. When you order JAX you can be sure that you're ordering a drink that's tops. We say proudly: "You can't buy better beer no matter what you pay!"

The citation is a recognition of the cooperation of the utility in the Navy's war effort in the Seventh Naval District and was especially directed to the employees, who made the company's record possible. The promptness and efficiency with which the company made arrangements to serve scores of wartime loads while continuing to serve its civilian customers brought about Admiral Monroe's decision to make the award.

WHO IS MAKING THE GREATEST SACRIFICE?

The woman who gives up buying a new fur coat and buys several \$100 War Bonds with the money, or ...

... the kid who gave his life for this country? Think that one over before you say, "I can't afford more War Bonds."

THE 4TH WAR LOAN starts next week. Every American will be asked to invest at least \$100 in extra War Bonds. At least \$100. Better \$200, \$300, \$500. You can afford it.

Let's all BACK THE ATTACK!

What The Purchase of a War Bond Means

The purchase of a war bond means, aside from the fact that it is the safest investment on the market today or any other day, the following things which cannot be valued from a monetary standpoint, but are of far greater value, than all the wealth of the world.

It means that you have faith in yourself, faith in your Government, faith in your Country and the eternal principles upon which it was founded. It means that you are keeping the faith with all those, who since the beginning of this country, have given the supreme sacrifice of their lives, and now lie buried in unmarked graves in all corners of the world, where only the Sun by day and Moon and Stars at night, know of their resting place and keep a lonely vigil. It means that you are placing upon their graves a fresh Laurel wreath of victory and remembrance.

It means that in this present conflict, that your hand is on the hand of every Soldier, Sailor or Aviator, everytime he mans a gun, steers a ship or pilots a plane; and that you have a part in that gun, ship or plane. It means that when one of these boys has paid with his life for these things which we hold dearer than life itself, we have a part in the uniform which he wears and the Glorious Flag which enshrouds his noble form. And when his body has gone back to the dust of Mother Earth, we have a part in all parts of the World. And your spirit can say to his spirit, I have kept the faith.

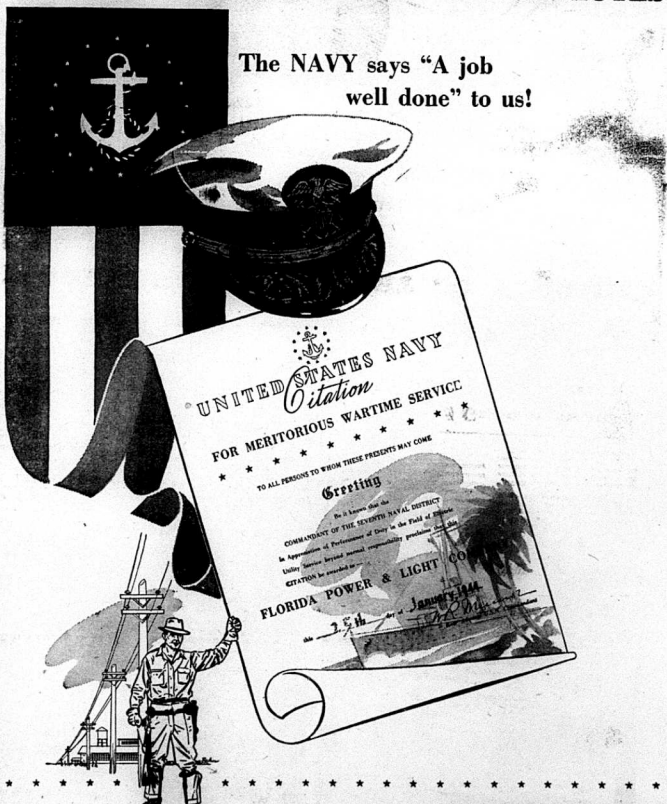

It means Freedom. Freedom of speech, of mind and of conscience. Freedom to worship God according to the dictates of your own conscience.

THIS IS THE REAL MEANING OF THE PURCHASE OF A WAR BOND.

BUY 'TIL IT HURTS THEN BUY ONE MORE.

THE UNITED STATES NAVY COMPLIMENTS FLORIDA POWER & LIGHT CO. EMPLOYEES

WE say, "Thanks to you, our customers and employees!" Of course we're proud to receive the special citation of merit from the Commandant of the Seventh Naval District of the United States Navy for "performance of duty in the electrical utility field beyond normal responsibility." And we're glad, too, the credit goes where it is due: to our employees for their hard and unremitting toil and to our customers for their complete cooperation. These efforts and this cooperation made it possible to conserve fuel, manpower, transportation and materials vital to the prosecution of the war even in advance of the National Conservation Program. Then, too, it was possible to serve the company from one primarily changing a great national resort playground to one which not only kept step with the sudden and vast expansion program of the U.S. Navy but actually was always ready with sufficient electric service whenever and wherever the Navy wanted it. With your help, that has been accomplished. Together with you we share the honor of receiving this special citation of merit from the Navy.
